POWER TO INVESTIGATE SECRET ORGANIZATIONS

New York, Sept. 13—Judge William B. Sheppard of Florida, sitting in federal district court, today told the federal grand jury it had the power and authority to investigate secret organizations which "are reported to be interfering with the constitution-

be interfering with the constitution all rights of citizens."

"Any organization," he said, "which holds its meetings by the light of bonfires in secret places and the members of which wear white suits and masks, which attempts to prevent organization, which attempts to prevent organization. derly citizens from the enjoyment of their constitutional rights, freedom of speech, conscience and right of trial by jury is a proper subject for inves-tigation by a grand jury. That is be-cause such behavior on the part of a secret society is a conspiracy and the law can be brought to bear upon.

Continuing his charge, Judge Sheppard said in part:
"There is a law here that can be brought to bear upon any group of people or secret organization which administers justice in the woods.

PROPOSED FOR IRELAND "It is not within the province of secret societies to say who is or is not a desirable citizen. When they, by a According to Mr. Brady he there was entirely different them on the enjoyment of the previously gave him went others from the enjoyment of the previously gave that another w courts through presentment or indictnent by the grand jury."

According to the newspapers, Judge

Sheppard said, "there is a certain or-ganization now in existance, the mem-bers of which are undertaking to censor the conduct of their fellow citi-

NEW YORK PROBE BEACHES THE EDUCATIONAL SYSTEM

New York public schools were bared to-day when the legislative committee in-vestigating the Hylan administration urned its attention to the cliv's educa-

tional system.

Official records showed that 496 out
of the 655 school buildings now being used had been under parital co-tion and 7,352 violations of fi reported in the last three years. Maurice Deutsch, a committee faves ligator, who estimated that remain would cost \$4,500,000, declared that pe

culiar laws of the city were refor continuance of such condisible for many of the delays in putting new schools, according to Annie 8
